

Technical drawing of a shaft assembly. The drawing shows a shaft with a central section that is wider and has a different profile, possibly a hub or a bearing housing. The shaft is shown in a cross-sectional view. The dimensions are as follows:

- Overall length: 93.8 Systemlänge
- Distance from left end to the start of the central section: 45.7  $\pm 1.8$
- Distance from the start of the central section to the right end: 77.05  $\pm 1$
- Distance from the left end to the start of the central section (alternative dimension): 36.4  $\pm 1.9$
- Distance from the start of the central section to the right end (alternative dimension): 68.8  $\pm 1.5$
- Inner diameter of the central section:  $\varnothing 17.2 \pm 0.5$
- Outer diameter of the central section:  $\varnothing 27.8 \pm 0.3$
- Outer diameter of the central section (alternative dimension):  $\varnothing 27.4 \pm 0.3$
- Outer diameter of the central section (alternative dimension):  $\varnothing 25.5 \pm 0.3$
- Outer diameter of the right end:  $\varnothing 28.5 \pm 0.3$
